

Nesrin Seyhan

Prof. Dr. Nesrin SEYHAN completed her university education in Physics and Computer Engineering at the Middle East Technical University (METU), Ankara, Turkey. She received her Ph.D. degree in Biophysics. She is the head of Biophysics Department and Bioelectromagnetics Laboratory at Gazi University in Ankara since 1990. She has initiated M.Sc. and Ph.D. degree programs in Biophysics at the same university. She is the founder and director of Gazi Non-Ionizing Radiation Protection (GNRP) Center. Her research interests are non-ionizing radiation sources, standards and measurements, biological effects of ELF and RF EMF including lipid peroxidation, immune system and collagen synthesis. She is the National Representative for the WHO EMF International Advisory Committee since 2001. She is the author and co-author of two books and she has published 40 research articles.
